Thought Transmission Contact

Semjase:

1. As I promised you, I send you my report on Carlo Disch today.
2. Within a short time, I was able to clarify that everything, but really everything, which Carlo Disch told you and your group, has no truth at all.
3. He neither knew about the existence of Elhoa nor was this name even known to him.
4. This is the reason why from the beginning he spoke of an Eloa, whose name he knew from ancient writings and from various religious organisations.
5. Consciously he did not write this name in its complete form, which goes back to the old name ELOHIM.
6. With the help of my father, I was able to clarify that Carlo Disch acted only for selfish purposes to invade your group, with the intention of being in the foreground and asserting himself.
7. So he acted out of rather low motives, without the slightest sense of honesty.
8. His actions are only self-directed in order to play strongly prominent roles in public.
9. Untruths are very convenient for him, and he applies them without any hesitation.
10. He is very self-centred and very egotistic.
11. Tell him that he should honestly strive for his knowledge in order to satisfy his evolution.
